PRODUCT

Our excellent quality extruded PVC and ABS edgebands meets all the requirements to satisfy the national and international industry demands. At Protecnico, being manufacturers, we take customization to the next level. We work standard thicknesses from 0.4mm to 3mm and any width up to 135mm. We create designs costumers preferences and thanks to our collaboration with the most demanded brands of melamine boards we replicate the latest releases anticipating the needs of our clients.

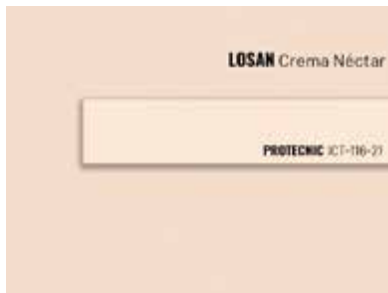

Decors. We work directly with some of the main board melamine manufacturers such as **KRONOSPAN**, **TABLEROS HISPANOS**, **SONAE**, **EGGER**, **FINSA**, **LOSAN**, **SUDESA** among many other manufacturers and we can make the “perfect match” for any design in a few days. At no cost to our clients.

With our sample program you will be able to find the design that best match your preferences and needs. We create any type of design with more than 50 decoration rollers to be able to imitate any seam of wood or effect, as well as a selection of more than 40 pores to achieve the most similar textures to the board.

Designs that match every melamine boards
